

**Sons of The American Legion
P.O. Box 1055
Indianapolis, IN 46206**

Welcome! I want to personally thank you for taking the time to become a member of the Sons of The American Legion. I think you'll find that you have joined one the greatest Veterans organizations of all time when you decided to become a member of The American Legion Family. We're a family. The American Legion, the American Legion Auxiliary and the Sons of The American Legion form an unbeatable family. I know you'll find something in the Sons of The American Legion that will spark your fire. We are first and foremost here for our Veterans, to whom we owe a debt that can't be repaid. Then there are the children. Our Children & Youth programs have no rival in their quality and scope. And of course don't forget our Americanism programs. We promote patriotism throughout our communities in many ways. Now that you have joined the Sons of The American Legion, you can get information on our many programs from your local Post and Squadron or online at sal.legion.org.

The one thing we always remember is that at the end of the day it has to be fun. So come on in and have a good time with us while helping out your fellow members and your community.

A handwritten signature in cursive script that reads "Raymond P. Giehl, Jr.".

**Raymond P. Giehl, Jr.
National Commander
Sons of The American Legion**
