National Veterans Assistance Day is Saturday, May 17, 2008

Our National Commander Raymond P. Giehll has initiated a day to thank all who have answered the call to serve our country and the families of those deployed in harm's way.

The inaugural National Veterans Assistance Day is Saturday, May 17, 2008, and Commander Giehll has asked all 1500 Squadrons and our 320,000 members to participate.

Selected guidelines

- Must be an active duty person, Veteran and or their families.
- A person or persons may be selected by your local Squadron and may be a member of your local Post.
- Assistance can be anything that the selected individuals choose; i.e., spring cleaning, taking them to the store or other errands, doing an oil change on his car.
- You could take them and their family to lunch or dinner to say "THANKS for your SERVICE".
- Maybe your Squadron can throw a luncheon for their Post members, and invite other Veterans from your Community (may bring in new Legion Family members)

For the first year, let's keep it simple and as the program grows we can become more creative. As "Proud Possessors of a Priceless Heritage" we must always give our utmost support for those that have SERVED our COUNTRY. More information is posted on our web site www.wisal.org and www.sal.legion.org.
