# 2011 MEMBERSHIP CARD INFORMATION

**MEMBERSHIP CARDS and ROSTERS:** We have mailed your 2011 cards to the Squadron Primary Contact as indicated on your Squadron Information sheet.

If you find any errors on your rosters, please report them to the Department or you can contact Customer Service at National at 1-800-433-3318.

**ADDRESS CORRECTIONS:** Please review your roster for addresses marked undeliverable, "U" in the UN column. These members will not be getting mail from the Detachment or National. If you need to make address corrections, remember that they will not be changed from a correction made to the face of the membership card. You must use a **member data form** No. 00-007 for the address corrections or you can go on line at [www.legion.org](http://www.legion.org), select "Change of Address" under the "Membership" tab, A fill in form comes up that requires you to enter SAL, last name, ID#, post # and Dept. and then the old address and the new address. It will still take 4 to 6 weeks to get everything converted to the new address, as many things are printed in advance at National, but it does save paper and postage expenses.

**MEMBERSHIP TRANSMITTAL SHEET:** Please use the Squadron Membership Transmittal sheet, sending \$7.00 per member. 2010 and 2011 Transmittals should be on separate sheets with a separate check for each.

**2011 Dues:** You may start collecting 2011 dues now and you should continue to collect 2010 dues through December 31st.

**MEMBER TRANSFERS:** If a member wishes to transfer to a different Squadron, it is up to the Squadron **receiving** the member to handle the paperwork. Transfers will not occur by just submitting a membership card for a transferee. All Squadron transfers must be done on a **member data form** (00-007). The post must have an officer sign the form as well as the member. Forms without proper signatures will be returned.

**SAL Brochures:** Limited quantities of the following brochures will be available at the convention in Wausau, make sure your delegate chairman picks up some for your squadron needs.
